

American Saddlebred Horse Association

Declaration of Intent to Compete for ONE Regional Championship.

Beginning in 2008, horses must compete and receive a ribbon (1 through 8) in three separate competitions within the region, during the qualifying period, in the same section within the Saddlebred division, to qualify for the Regional Championship Class in that region's championship event. If the Region has a co-championship, you must declare for only one. If a horse qualifies for the Regional Championship in more than one region, a declaration must be made of the Regional Championship event in which it will compete.

For the 2008 Regional Championships, the qualifying period is from August 1, 2007, to the final entry closing for the Regional Championship. Qualifying shows need not be USEF-licensed but must be recorded in the ASHA database of competitions, and ASHA must receive official results; Regional Championship competitions themselves must be USEF-licensed. In the case of a sale of a horse, all qualifying records will travel with the horse, except for Equitation.

Previous qualifying requirements for Regional Championship competitions are replaced by the above qualifying requirements. Horse (or Equitation riders) may compete for only one Regional Championship title in a given calendar year, even if exhibiting at more than one such competition.

This form will be submitted to Brenda Newell at the ASHA office.
