

United Saddlebred Assoc. UK Ltd EQUINE PASSPORT & REGISTRATION FORM

It is strongly recommended that equines registered with a non-Saddlebred breed society obtain their passport from their relevant breed society, as the United Saddlebred Association can only verify SADDLEBRED parentage. In the event of the passport being issued by USA-UK, the breeding details have to be validated by the breed society AFTER the passport has been issued. **Please use CAPITAL letters as we need to be able to read your details. If any details are unknown, please put "NOT KNOWN". Estimate year born, if foaling date not known. Height & colour, plus owners details must be included. All horses applying for a passport MUST be microchipped.**

The identity section overleaf may be completed by yourself, a Veterinary Surgeon or competent authority. Photo's are optional and can be included in the passport – please send at least one side view without tack.

EQUINE PASSPORT & REGISTRATION FORM

INSTRUCTIONS

Please complete the application form, in accordance with the instructions given. If you experience any difficulties in understanding what is required, please contact the Registrar. If you have a current vaccination certificate (completed by a vet.) please submit this as well, as it will be incorporated within the passport. Once the form is completed, please send it, together with a cheque for the correct amount, made payable to USA-UK. The form must be returned to the Registrar – address on front cover. **Please ensure that you print clearly** in block capitals – you may know your address or stud prefix, but our staff need to be able to decipher these words accurately – so please BE CLEAR!

PHOTOGRAPHIC ID MAY ALSO BE INCLUDED WITH YOUR APPLICATION

This should be signed on the back by the person completing the ID section, dated, and with the horse's name clearly written in it, together with the following statement: "This is a true likeness of (name of horse)" 2 colour photo's, one of each side of the equine, may be sent (no riders, saddles or harness please!) This is mandatory for or skewbalds/piebalds (pinto's and paints) who should also include a photo of the front and rear view. If submitted these will be included within the passport and validated photo's can also be added after the passport has been issued.

Section A – DETAILS OF EQUINE

Name - Prefixes / suffixes must only be used if they are owned by you / the breeder and registered with the Central Prefix Registry. If an equine is bred by a breeder with a registered prefix, that prefix should be given to the equine on registration. Duplicate (names: Saddlebreds only) or distasteful names are not permitted. A distasteful name is one, which, in the opinion of the USA-UK Committee, is distasteful and / or likely to cause offence, in which case, the name will not be permitted.

Breed – Please put specific breed if known (e.g. Saddlebred, Partbred Arab, Welsh etc.). Do NOT put 'heavy type' or 'Cob' etc. If breeding is not known, please put NOT KNOWN. Verification of breeds can only be made by the respective breed society. For example if you are registering an Arab with USA-UK we will only state "Breeding – Arab, non-verified". DNA details (if applicable) are now included in the passport – please give reference number & name of lab.

AMERICAN SADDLEBREDS ONLY – Please show USA-UK Registration Number for both sire and dam. If one, or both, are not USA-UK registered, please submit a copy of registration (other ASB society). American Saddlebred sire, dam and foal being registered must be DNA tested for proof of parentage before acceptance onto the USA-UK Main Registry (Purebreds, with proof of parentage. Kits available from the Horse Registrar – Tel: 020 7731 7885). If a Saddlebred is registered with: ASHA, ASHA Australia, CRLC Canada or SHBSO SA, South Africa then proof of parentage is accepted, but the DNA Profile Number and the Name, address and fax number of the lab must be submitted in order for entry onto the Main Registry (for proof of parentage for future generations).

Sex – gelding, mare (any age) or stallion (any age).

Date of birth – this **MUST** be completed. If you do not know the exact date, please enter an approximate date. In this case, enter either a year, or a year and a month. **AMERICAN SADDLEBREDS ONLY** – please submit covering certificates where-ever available.

Colour – This must be the main body colour. In the case of Skewbalds and Piebalds, please give the base body coat (e.g. Bay and white). Pinto's / Paints **MUST** submit photo's with their application.

Place of birth – Please enter the county (if born in UK) or country and district (if born abroad). If place of birth is not known, please enter 'not known'.

Height – Please give approximate adult height measured to wither (highest point at base of mane). May be entered in either hands (units of 4 inches) or centimetres, Please ensure you specify which!

Equine's pedigree - Please enter the name and registration number of AT LEAST the sire and dam. If these are not known, please enter 'not known'. If the sire and / or dam are known, but not registered, please enter as much information as is known e.g. approx. Date of birth, owner's details etc (even if only Dobbin, 1989, Mr Kentucky, Maidstone, Kent).

Section B – RECORDING OWNER

This must be completed and the owner must sign the application form. Please include nationality of owner.

Section C – SLAUGHTER FOR HUMAN CONSUMPTION

Changes in DEFRA regulations mean that owners will not have to **sign the declaration** at Section IX in the passport until the horse is exported, administered with a medicine which should never be administered to a food producing animal, or consigned for human consumption. A Veterinary Surgeon can countersign as the competent authority.

Section D – KEEPER

This part of the application form to be filled in if the keeper is NOT the owner – e.g. if you keep your horse at a livery yard. (See below for discounts for livery yards).

Section E – EQUINE IDENTIFICATION

This may be completed by yourself, a Veterinary Surgeon or a Competent authority. **All horses MUST have a microchip**, which must be inserted by a Veterinary Surgeon.

FEE'S:

SADDLEBRED PASSPORT & REGISTRATION: £16 (USA-UK members) & £30 non-members. Further £4 discount given to offspring of USA-UK licensed stallions. BULK DISCOUNTS offered for 6 or more passports – contact Horse Registrar for details (same owner, or same keeper – ideal for yards) **SADDLEBRED upgrade to USA-UK Passport – Saddlebred already USA-UK registered - £10 members, £20 non-members** – pages 1 & 2 to be completed. **SADDLEBRED Registration only - £10 members, £20 non-members:** for Saddlebreds with a passport from another PIO, but not yet USA-UK registered – Page 1 only needs to be completed AND the original passport submitted. **£2 discount given to any offspring of USA-UK licensed stallions. FREE** – USA-UK registered Saddlebreds owned by members, over stamping of a passport from another PIO, SAE required.

NON-SADDLEBRED PASSPORTS (ID ONLY) - £16 members, £20 non-members. Pages 1, 2 & 3 to be completed.
