

Frequently Asked Questions regarding Registering a Half Saddlebred

How do I Register my Half Saddlebred?

A Half Saddlebred Application for Registration form must be completed and submitted with appropriate fees.

- The form must be signed by the owner(s). Note that the Transfer Report section of the Application for Registration form must be completed if the recorded owner of the dam at the time of foaling is different from the current owner of the foal.
- Registration fees. Fees are based on date of receipt of application AND fees.

\$35 Birth up to 6 months OR registered with another breed Association / Registry such as the Arabian Horse Association.

\$50 6 months up to 12 months.

\$150 Over 12 months.

\$50 DNA testing fee OR \$25 fee for a DNA report from another Registry/Lab. Note: The American Saddlebred parent must be verified by DNA testing. (Effective 3/1/12)

\$25 Unregistered Foal Transfer Report if applicable. This report must be completed if the recorded owner of the dam at the time of foaling is different from the current owner of the foal.

- Four color photographs (front, back, and each side) must accompany the application.
- The recorded owner of the horse's sire must complete and sign the breeder's certificate.

Can I register my Half Saddlebred if I do not have a signed Breeder's Certificate or Stallion Service Report?

*If the horse to be registered is an older horse and breeding proof cannot be secured, but that horse is registered with another registry, then a copy of the papers from the other registry will serve as breeding proof.

Can I register my Half Saddlebred if I do not know the identity of the non-Saddlebred parent?

The requirements for filing a Breeder's Certificate, a Stallion Service Report &/or an Unregistered Foal Transfer form required of the non-Saddlebred parent may be waived by the Registrar if after reasonable investigation that parent cannot be identified.

Who should I contact with additional questions?

You may contact Katriona Adams, Registrar, at k.adams@asha.net or at (859) 259-3885 or by fax at (859) 259-1628.
